Interim Financial Statements
For the period from 1 January 2024 to 30 June 2024

Directors' Report

Six-month period ended 30 June 2024

Basis of Preparation

The published figures for the reporting period have been extracted from the unaudited consolidated financial statements of International Hotel Investments p.l.c. ("the Group") for the six months ended 30 June 2024 and the comparative period in 2023. Comparative balance sheet information as of 31 December 2023 has been extracted from the audited financial statements of the Group for the year ended on that date. This report is being published in terms of Capital Markets Rule 5.74 issued by the Listing Authority and has been prepared in accordance with the applicable Capital Markets Rules and International Accounting Standard 34, 'Interim Financial Reporting'. In terms of Capital Markets Rule 5.75.5, the Directors are stating that this Half-Yearly Financial Report has not been audited or reviewed by the Group's independent auditors.

Principal Activities

IHI plc dates its origins to that of its founding shareholder in Malta in 1962, and is now engaged primarily in the ownership, development and management of luxury hotels and its proprietary Corinthia brand - but also involved in related commercial and residential real estate development and project design services. The Company has several subsidiary companies and investments in associate companies through which it promotes the business of the Group.

Review of Performance

The Group's revenues increased by 9% in the first half of 2024 to €135.6 million from €124.8 million in the comparable period last year.

In consequence, the Group increased EBITDA to €22.89 million in the first half of this year compared to €18.75 million in the corresponding period last year. More importantly, EBITDA conversion at 17% for the first half the year, which includes a low season, is 2% better than last year notwithstanding continued inflationary pressures on payroll and other costs. The Group's subsidiary Corinthia Hotels Limited, which manages owned and third-party hotels, is also incurring significant pre-opening costs and taking on new, senior personnel as this company ramps up its activity, expertise and resources in advance of the opening of several new, luxury Corinthia hotels in later 2024 and 2025, which will drive revenues to the Group only once such hotels are operating.

In reviewing the financial results for the first six months of 2024, one should also note the following:

Interest income and expense has been impacted by the increase in base rates as Central bankers battle inflationary pressures. Interest cost increased by €4.4 million from €17.3million in the corresponding period to €21.7 million on account of these base rate increases and net increases in debt.

Directors' Report - continued

Period ended 30 June 2024

All the above results in a loss after tax of €10.2 million being reported compared to a loss of €11.7 million in the same period last year

The net profit, net of tax, of €17.1 million in the Statement of Comprehensive Income principally reflects the currency translation difference on the Group's non-Euro denominated investments in London and in St Petersburg. Both the Sterling and the Rouble strengthened against the reporting currency of the Group which is the Euro.

State of Affairs and Outlook

Most hotels are performing better than last year. In all our hotels and businesses, management remains entirely focused on maintaining tight discipline on all operating costs whilst offering quality service. The Company's targets for year-end and financial planning are based on revenue expectations that are in line with our original forecasts.

All CAPEX remains tightly controlled. As at the end of June 2024, the Group had €60.7 million in cash and bank balances at its disposal.

Through its operating entity Corinthia Hotels Limited, the Company remains focused on a growth strategy that is based on management agreements. Works are now well underway on projects on sites in Doha, New York, Riyadh, Maldives and Bucharest, where Group subsidiary companies are involved as development partners, technical services providers and hotel operators, with practically all of the capital funding for these projects being provided by third parties. These hotels are expected to open in phases with Bucharest and New York opening in the next months.

Furthermore, the redevelopment of the Grand Hotel Astoria in Brussels is ongoing with a target date of Q4 2024 set for opening. The Company has a 50% share in this project. The project in Rome, which will be leased on completion, is progressing with a handover date expected in Q3 next year.

In line with our asset strategy, management is continuing with the evaluation of all our assets. In reviewing our asset strategies, we are also actively assessing opportunities to sell non-core or fully mature assets. Net proceeds from sales of assets will be deployed mostly towards paying down additional debt incurred during the pandemic, as well as a combination of dividends and further investments into new real estate projects.
